Site 68  
No Further Action Decision Document

Dear Sir:

The U.S. Environmental Protection Agency (EPA) Region 4 has reviewed the above subject decision document and concurs with the selected No Further Action Remedy for Site 68. This remedy is supported by the previously completed Pre-Remedial Investigation Screening Study and includes land use controls. The "Land Use Controls" prohibits residential land use and groundwater use within a 1,000 foot buffer surrounding known areas of groundwater contamination.

This remedial action is protective of human health and the environment, complies with Federal and State requirements that are legally applicable or relevant and appropriate to the remedial action and is cost effective.

If there are any questions or comments, I can be reached at (404) 562-8538.

Sincerely,

  
Gena D. Townsend  
Senior Project Manager
